

Free Student Midwife Support

Hi! Congratulations on your pregnancy!

I'm Mara, a 2nd year Midwifery Student at ACU, based in Collingwood.

I have a special interest in homebirths and hope to one day be a homebirth midwife!

As part of my course requirements, student midwives can provide free continuity of care to pregnant women less than 35 weeks.

This includes:

- 4 antenatal appointments
- Birth (with your consent)
- 2 postnatal visits

Why work with a student midwife?

- ♥ Extra emotional support
- ♥ Access to up-to-date information and resources
- ♥ Advocacy in maternity system
- ♥ Midwifery continuity of care shown to give women a positive experience of labour and birth, avoid unnecessary intervention and set you up for breastfeeding success (AIHW, 2022)

Experience:

Royal Women's Hospital, Epworth Freemasons, Monash Clayton, St Vincent's Private, Frances Perry House, Box Hill Hospital
